

**LifeLine Student Ministries  
St. Paul's United Methodist Church  
Medication Authorization and Information Form**

Dear Parent or Guardian:

The administration of medication during any youth events is sometimes unavoidable. The medication policy of LifeLine Students Ministries and St. Paul's UMC states that before any medication, prescribed or over-the-counter, may be administered to or by any student during youth events, a **signed written order from the prescribing physician and the written request of the parent/guardian**, giving permission for such administration, is required. Only medication accompanied by the information requested on the Medication Authorization Form will be administered during youth events.

To provide a safe environment for all students, **every medication must be brought to youth events by a parent or guardian** and given to the adult in charge of the event. All medication, whether prescribed or over-the-counter, must be received in the original container in which it was dispensed. Any change to the prescribed order requires the completion of a new form.

Thank you for your cooperation,  
The Adult Leadership Team

**Request For Medication During Youth Events**

To be completed by Physician, Nurse Practitioner, or Physician's Assistant:

Name of Student	Grade	Date
*Name of Medication	Dosage/ Unit	Route
Time Medication is to be Administered	Number of Days to be Administered	
Reason/Purpose	Possible Side Effects	
<b>Physician/NP/PA Signature</b>	<b>Printed Name</b>	<b>Date</b>

\*Signing verifies that the above plan has been prescribed by you, the child's physician, and should be carried out by the youth leader in charge during the youth event attended by the student.

<b>**Signature of Parent/Guardian</b>	<b>Date</b>
---------------------------------------	-------------

\*\*Signing verifies that you, the parent/guardian, give permission for the youth leader in charge of the youth event to carry out the administration of the above prescribed plan in your absence and relieve LifeLine Student Ministries and St. Paul's United Methodist Church of responsibility for the benefits or consequences for such medication and its administration.
